

In March 2010, a new community of believers started meeting in a housing development known as “Jesús María” in south east Mexico City. The congregation became known as *Iglesia Bíblica Sendero de Vida Jesús María*, (*Path of Life Bible Church of Jesús María*).

Since then, the new church plant has grown, with many coming to hear God's Word, and 14 baptisms of new believers so far.

The believers continue to reach out to the community, learn from God's Word, and join in worship and prayer.

Leadership is also developing within the church community. **The Lord is truly building His church in this corner of Mexico City!**

## Making Space To Make Disciples

Jesus said, *“I have compassion on the crowd because they have been with me now three days and have nothing to eat. And I am unwilling to send them away hungry, lest they faint on the way.”* (Matthew 15:32)

Was He just talking about food? I don't think so. He hadn't sent them away earlier because He was giving them *spiritual* food. He cared about the people spiritually, *and* physically.

**In Mexico City, finding space is always a challenge.** Houses are just too small if you want to invite your family and friends to an event or time of worship. And yet a larger meeting place can be hard to find, and expensive.

What are we doing about it?

**In December 2010 we started a project to raise funds for property/building of a meeting place for the church in Jesús María.**

Funds are being raised by the church in Jesús María, and by friends around the world.

In the summer of 2011, the local community of believers began discussion with the community about a specific piece of property to use for the building. The property is in the centre of the housing development.

## Jesús María Project Progress

-----

The **Jesús María Project** is a joint project between CAM INTERNATIONAL and CAM INTERNATIONAL OF CANADA. Its purpose is to raise US\$80,000 for the property and building, with a small amount set aside for the development of this and one other new church in the area.

*This is in addition to the funds being raised by the local congregation in Jesús María.*

As of September 2011, **CA\$19,441.46 (US\$18,883.37)** has been raised out of the US\$80,000, or **23.6%**.
